

Aarav Sharma

Senior Machine Learning & Computer Vision Developer

Email: aarav.sharma@example.com | LinkedIn: linkedin.com/in/aarav-sharma-ml

Professional Summary

Highly skilled Machine Learning Engineer with 5+ years of experience specializing in computer vision, image segmentation, and deep neural networks. Proven track record of developing high-performance pipelines using PyTorch, TensorFlow, and OpenCV to solve complex defect detection and spatial mapping tasks.

Work Experience

Lead Machine Learning Developer - VisionAI Tech (2022 - Present)

Designed and trained convolutional neural networks (CNNs) for real-time defect detection and high-fidelity image segmentation. Integrated OpenCV filters and PyTorch segmentation models to reduce processing latency by 35% on edge platforms.

Core Skills

Programming Languages & Frameworks: Python, PyTorch, TensorFlow, OpenCV, NumPy, Scikit-Learn

Specializations: Convolutional Neural Networks, Image Segmentation, Object Detection, Generative AI
